- **What is 'Swa'-Roopwardhinee?**

'Swa'-Roopwardhinee is a registered public charitable trust and a society.

- **What is the meaning of 'Swa' Roopwardhinee?**

Development of 'Self'. The main activity of the trust is the integrated development of students, through informal educational activities. The main object of running this activity is to give opportunities to needy students to manifest their full potential.

- **Is it a school?**

No. The main activity of integrated development of students is run after the formal school hours. So it can be described as an 'After School' activity.

- **In which area 'Swa"-Roopwardhinee works?**

The main project of 'Swa'-Roopwardhinee is the integrated Development of intelligent students from under privileged strata of the society. Along with this main project, the trust runs the following activities/projects.

- Montessori School
- Vocational Training Courses for needy women (Tailoring, Fashion Designing, Patient Attendant Course, etc.)
- Other activities for women are- Literacy Class, Self Help Groups.
- Mobile Science & Technology Laboratory Project for Village Schools around Pune
- Coaching Center for Competitive Examinations (Mainly MPSC) for needy rural youth

- Self Study Centers

- Uthhan Prkalp - Study Centers for lower income group students in the slums.

- **What is the income source of the trust? Does the trust get any sort of Govt. Grant?**

Fee is not charged to the students for most of the projects run by the trust and the trust also does not get any sort of Government grant. Donation from the society at large, is the only source of Income to the trust.

- **Does the trust avail any income tax exemption facility?**

Yes. The trust enjoys income tax exemption under Sec. 80-G of Income Tax Act, 1961

- **Is there any expansion plan of the existing projects outside Pune?**

Yes. 'Swa'-Roopwardhinee model is replicable anywhere in India. The trust desires to expand its activities outside Pune. Rather this process has already begun. The ongoing project of the trust; viz "Integrated development of student" is run at Satara, whereas the "Patient Assitant Course" is run at Sangli.

- **What are the future plans?**

- A) The trust has started an informal education school titled 'Athara Pagad Vidyalay' cater to the needs of the school children from 18 lower cast students from 11 slums.
- B) Wardhinee has planned a virtual classroom where students group from slums can access quality education input.
- C) The trust has planned a formal resettlement of karkari adivasis from Mulshi block of Pune District.

Namaskar,

We are meeting for the Annual General Meeting (2021) on screen. All of us must have gone through the presentations given by all the departments, I notice qualitative change in the presentations than earlier one. Because of Covid pandemic all of us are observing the change in various sectors like technology, economy, health, medicine and also in social programmes. I have written an article on same subject for Oxford University Press.

Considering this change I feel the concept of 'Virtual Class Room' is very very important. In my book 'Reinventing India', I have mentioned that our education should be student focused. Using multimedia and various ideas we can reach every student, every child of our country. In 1884, Swami Vivekanand has expressed that if our children are unable to go to school then school should go to them. And I feel now we are actualizing this thought with virtual class room concept. I always insist for E=F, i.e. Education is equal to Future. We all should implement this sincerely and with innovative ideas.

All of us just now have heard a motivated song, 'Janaseva Hi Eshwar Bhakti', for all our social activities we are supported by various CSRs. But at the same time I feel ISR- Individual Social Responsibility is also important to go ahead. I know our every volunteer has this quality rather I can quote '**Swa'-Roopwardhinee is equal to ISR.'** In this pandemic we have shown this ISR by helping in different areas.

Now this year we are confrontely facing to new 'Omycron Variant'. On this new variant research is going on but I feel 100% vaccination is the remedy for this; vaccine hesitancy is not good. Our vccination camps are supporting the strong fight against this pandemic. As the situation arises we should help the people as pertheir need.

Regarding financial aspects, we are utilizing all the donations which is a good sign of work for social organization. There are good suggestions from Dr. Pramod Choudhari and Mr. Rambhau Dimble for raising the funds. I feel there should be advisory committee for this purpose

and we should go for crowd funding within India and outside also.

I congratulate Mr. Shirish Patwardhan for completing first stage of Koushalya Vikas Kendrs, Chahroli with rigorous efforts. I feel one should work with such big dream and then only dreams come true.

The coming 2022 year is an achievement as we have overcome the great pandemic with the help of vaccine. It is a war of virus verses vaccine and vaccine has won. We all should help for vaccination in unison.

Lastly I congratulate all our volunteers and feel proud of every one for great social work done in this covid pandemic. I pray God that coming 2022 year be prosperous to every one.

Dr. Raghunath Mashelkar
President

A heartfelt tribute to Late Shri Jayantrao Kawathekar Sir

Respected Kawathekar Sir has to be remembered as a Kutumba - Vatsal (family fond) social worker and a propagandist of Surya Namaskar rather than just a teacher. Since 1991, when he retired from Pen Education Society as a headmaster, he was associated with Wardhinee's work as the head of the project 'Ajo!'. Since 1995, he served as the editor of the Karyavrutta. Sir's identity is that of planned, disciplined and quality work, constant pursuit of innovation, enthusiasm that will embarrass 'even the youth. Sir was diligently working on the monthly and annual issue till last year despite having eye problems. We are dedicating this year's issue to such an inspiring personality.

About the Cover Page

The cover indicates the changes that have taken place in the field of education in the 75 years of independence. In Wardhinee's 42 year journey, transformation has been experienced at different stages. 58% of the children who did not attend the school were found in Wardhinee's survey in 1985. Therefore, after the construction of Wardhinee's building, the first project started in this building in the form of a kindergarten. Initially, we had to insist that parents should send to their child to kindergarten. With the changes in children, admission became easier and today more than 8500 children have studied in kindergarten and have continued to learn by studying here. Along with their child, many illiterate mothers, tayas, even grandmothers began to feel that they should also be literate, and this started a literacy class in Wardhinee. More than 500 illiterate women became literate through Wardhinee while at least 4500 women

became self-reliant through skill development classes. This transformation of the needy section is a source of happiness.

The science technology Mobile laboratory could not reach out the students in the village during the Covid period. At such a time technology kept everyone connected. The e-branches continued through mobile phones and conducted online competitions. More than 15,000 children from small villages could participate through mobile phones.

Wardhinee was able to become more techno friendly due to the Covid hurdle and now Wardhinee is thinking about how a virtual classroom can be started and some encouraging experiments are also taking shape.

In this journey, Wardhinee is constantly working to create generation of character and service-oriented attitude according to its goal, even in adverse circumstances by making changes in response to the occasion.

COVID RELIEF WORK

"Swa"- Roopwardhinee is an educational and social organization which is working in the various Vastees of Pune city, for the last 45 years. The organization is working for underprivileged children in order to create responsible Indian citizens.

As our moto suggests **'Vikasit Vhave, Arpit Houn Jave'** which conveys, one should develop himself or herself and be dedicated to society's betterment. And students of the organization are proving this true by serving the nation in crucial times. The Covid-19 virus proved very dangerous for our country. Maharashtra, especially Pune city suffered so much during the time of the Pandemic in the year 2019. Number of people were suffering, hospitals, beds were scarce, oxygen tanks were empty, scientific information was limited and every resource got exhausted, Crematory ghats were burning for 24 hrs. As Preventive measures, complete lockdown was enforced in whole of the country.

The state and local administration bodies were exhausted while managing the pandemic rescue/ relief work. Various civil societies came forward and helped city administration by working for relief work side by side. 'Swa'-Roopwardhinee was one of the organizations which worked consciously for the society. The youth of the organization helped whenever called by the Govt.

Distribution of Grocery Kits

The day when complete lockdown was announced by our Hon. Prime Minister to curb the covid virus to stop the infection from person to person, proved the historic one.

This lockdown situation resulted in freezing social and economic movement of the

communities. The people who got affected in this lockdown situation were mostly from marginalized community, there two-time meal were very much dependent upon the daily wages, for construction workers, helpers in house chores, ect.

Because of lockdown daily earnings stopped, the situation got aggravated when people started facing the unavailability of ration. Slum dwellers were unable to procure the essential food because of this complete lockdown. Shops were closed, earnings stopped, people below the poverty line were in tension and unable to feed their families. Swa-Roopwardhinee decided to help the families whose financial condition had worsened during the Corona crisis, in the form of food grains supply.

To counter this situation Teams of Wardhinee workers came forward to provide for the necessary ration kits. Each ration bag included Rice, pulses, oil, salt, sugar, tea and other essential spices. With the help of the RSB Foundation, volunteers filled bags with rations sufficient for the month. More than 3000 ration kits were distributed in the slum and tribal community during this crises.

The students from the sewing class stitched cloth masks for the volunteers who were distributing the kits. This enabled them to carry out the work of distribution of grains safely.

Wardhinee's volunteers also took to the field and played an important role in testing fronts such as distribution of food grains, health check-up camps, plasma collection, blood donation, assistance from Covid care centres, and running the death pass centre and vaikunth crematorium procedures.

Blood Donation Campaign

During Corona crisis everything came to standstill, our youth department continued planning with the next programme in mind. The most important of these was the blood donation camp. 600 bags were collected by holding camps at around 11 places with an appeal to donate blood from various habitations. Apart from this, blood donation camps are organized by Wardhinee on 14th April every year. It also receives a great response.

Covid Care Centre

Today's young generation easily look to working as volunteers by their actions without using such big words of social work presents a promising picture. Our as volunteers were working at the Rss' Covid care centre they took the risk to their lives and worked tirelessly at the care centre. We hope that the same spirit should be passed on to the next generations.

War room for Bed Searching and Plasma Donation

In addition to the above activity, of reaching maximum people remotely, we served the needy by conducting counselling sessions and spreading positive news. At the same time, another set of groups was involved in field activity like hospital bed searching and organizing plasma donation camps.

Total 3 groups of fully vaccinated people were in the field, to make available the information regarding the number of available beds in various hospitals. This information was circulated in various What'sapp Groups. More than 1000 people were benefitted from this gathered information and got access to the hospital beds.

Mental Counseling Assistance for affected patients and their family members

'Swa-Roopmitra Program' was initiated during the period of Covid second wave by the Counseling department of wardhinee.

10 volunteers of the organization were trained in providing mental support to the community members who were in distress because of the pandemic.

Medical Social workers, professional counsellors and community volunteers dedicatedly worked to counsel more than 800 families during pandemic.

In those negative surroundings of covid infection, daily online graphical posters were circulated to provide positive information like the number of healed patient and the fact that we are winning against Covid through 'Today's Awesome News'. This drive was run to spread positivity and happiness in society. This initiative was appreciated by the public at large.

Ganesh Idol Collection

The Eco-friendly Ganesh visarjan drive organised by the Pune Municipal Corporation in the wake of Corona saw a spontaneous response from activists. There were no usual processions on Anant Chaturdashi due to Corona and also there were no dhol tasha troupes. But with social responsibility, the youth of the dhol squad worked in the eco-friendly Ganesh visarjan campaign through Wardhinee by going to the locality, which was highly infected with corona, taking proper safety. 600 youth activists participated in the campaign. At 172 idol collection centres, in 7 zonal offices of Pune Municipal Corporation and at 8 ponds on wheels organised activity like Ganesh idol immersion, idol collection, distribution of ammonium bicarbonate powder, collection of nirmalya, enrolling them, bringing them to the collection centre in the area, stopping the immersion in the river basin were carried out and thousands of idols were collected.

Along with 'Swa'-Roopwardhinee, renowned social organisations teams from Pune such as Ramanbaug, Shriram Squad, Jnana Prabodhini and 12 other teams also participated spontaneously in this campaign. The Health

Officer and Mukadam greatly appreciated the young volunteers and expressed their gratitude for their valuable help in the most difficult times. The same activity was carried out by 115 youth next year in the second wave.

Post Covid OPD

During second wave many felt the need to work for health issues and mental support. For this, on 24th May, 2021, OPD centres were started at two places namely Wardhinee Vastu and Go-Vigyan Dispensary. The list of patients received from the corporation was used to contact patients over the phone. They were urged to come for a health check-up. A total of 25 patients availed of this service. 5 persons were counselled online.

On ground support to Pune Municipal Corporation by working in Cremation Ghat

We all witnessed the horrifying situation of the covid. During the second wave of the covid, all the medical resources were getting exhausted. Even the crematories were full with the dead bodies. The city was overwhelmed as more than 170-180 people were dying daily as per in Hidustan Times reports.

The Local Administrative body of PMC was unable to manage the load in the crematories, which included the fatalities of claimed as well as unclaimed bodies. Many organizations came forward to help in this tough times, 'Swa'-Roopwardhinee, Surajya Sarvangin Sanstha and Seva Sahyog were the organizations that worked as helping hands with the Health Department.

Volunteers of these organizations were dedicatedly working hand in hand with Pune Administration. We worked hard to performed the last rights of the decased in three shifts by volunteers. A total of 900 victims of covid were cremated by 18 volunteers in two months.

Young ladies volunteers were also involved in these noble cause. A Group of 15

girls worked to performed the last ritual in the Crematory and created history by setting aside aged stigma. This unprecedented initiative was appreciated by the mayor of the Pune Shri. Muralidhar Mohol.

In addition to this, our organization initiated a computerized death certificate system in Sassoon Hospital to facilitate family members of the deceased. This system helped hospital administration to provide a speedy and error-free documentation and avoid direct human touch which was a precautionary measure to avoid infection of Covid. This computer system up-gradation from the traditional paper and pen system of documentation is now working flawlessly in the Sassoon Hospital.

Cemetery and Birthday

On our birthdays, we usually go for a walk somewhere, prepare sweet dishes at home or go to hotel for dinner with friends. But where was Avinash Dhayarkar, volunteer of Samarth Ramakrishna shakha on his birthday? He was at the Vaikunth cemetery. Yes, Avinash worked for almost two weeks at vaikunth crematorium to set up a saran, set fire, separate the bones for covid dead bodies. It was his birthday in the same week but he found it more important to respond to the call of the community than to celebrate his birthday. His birthday was celebrated as a function at the cremation ghat. This is how the idea of the creation of a servant is rooted in the culture and service of 'Swa'-Roopwardhinee.

Health Camp for children on possibilities of third wave.

Covid was more prevalent in the residential areas of Pune. More than 23 slum communities were targeted in this preventive medical drive. Total 896 children of the age group of 10-18 years were given Information about health camps in all selected residential areas.

Participants were duly checked up by the team of experienced doctors.

Health Camp

It was felt that the health check-up of citizens of all habitations was necessary to prevent the increasing outbreak of Corona in the first wave. For this purpose, health camps were held at 16 places. More than 1500 citizens have benefited from this. Along with the health check-up, medicines such as arsenic tablets were distributed.

Vaccination Campaign

Wardhinee has always been at the forefront in helping the society in every possible

way. Vaccination is an important measure to prevent a crisis like Corona. It was necessary to create awareness among the masses about this, but many in the community could not use the technology required such as enrollment, obtaining a certificate. For all such, Wardhinee undertook '**Vajra Nirdhar Vaccination Mahaabhiyan 2021**' and resolved to attain maximum vaccination. The free vaccination drive, which began on August 25 with the help of Balasaheb Deoras Polyclinic, Serum Institute, PCCR, Niramaya and Sahyadri Hospitals, has so far organised 59 camps and 23,672 people have benefited from it.

Covid relief work was appreciated from all levels of the society.

- ☞ Pune Municipal Corporation -Covid Warrior Award.
- ☞ Bhartiya Janata Party - Pune's Covid Warrior Award.
- ☞ Lions Club Award .
- ☞ Rotary Club Awarded us for the remarkable work done by women in cremation.
- ☞ Indian trade union - Covid Warrior honor.
- ☞ Savarkar Bhavan - Covid Warrior Award.
- ☞ Award from Udyam Sahakari Bank Bibwewadi.
- ☞ Shree Dagdusheth Halwai Devasthan Mandal Award.
- ☞ Chand Vaunsheeya Kayasthaprabhu Samaj Award.
- ☞ In addition, the interviews of the volunteers were broadcasted on **All India Radio Pune** and **All India Radio Mumbai**.

Social Activities

We work together for

- We are thankful for extending positive response to MIDC appeal for noble cause of providing Oxygen Plant and Tankers to Maharashtra State Health Department. With valuable donations from following companies under CSR activity. Swa-Roopwardhinee completed installation of Oxygen Plant at Tuljapur Sub District Hospital, Dist. Osmanabad and handed over two tankers to Health Department of Maharashtra for District Hospital Raigad.

Donars for Oxygen Plant :

- Vamsi Labs Ltd, Chincholi, Solapur,
- Balaji Amins Ltd, Solapur,
- Indo Space Industrial Park Pvt Ltd, Chakan,
- Badve Engineering Ltd, Waluj, Aurangabad,
- Emcure Pharmaceuticals Ltd Bhosari, Pune,
- Baramati Cattle Fields Pvt. Ltd., Baramati,
- S.M. Auto Engineering Pvt. Ltd., Pimpri,
- Clean Science & Technology Ltd., Magarpatta,
- Precision Cam Shafts Ltd., Chincholi, Solapur,
- TCG Urban Infrastructure Holdings Pvt Ltd, Bandra (E), Mumbai,
- Real Dairy Industries Pvt Ltd, Baramati,
- Emerson Electric Co India Pvt Ltd., Powai, Mumbai,
- Emerson Process Management Power & Water Solutions Ind. Pvt. Ltd., Noida, U. P.,
- Danniell Measurement Solution Pvt. Ltd, Vadodara, Gujarat,
- Fashionking Brands Pvt. Ltd., Pune,
- Suyash Organics,
- Alkylamines Chemicals Ltd., Vashi,

- Vitesco Technologies India Pvt.Ltd., Talegaon, Pune,
- Carrier Midea India Pvt. Ltd. Gurgaon.

Some Valuable Donars for Oxygen Tankers

- Gharda Chemicals Ltd, Ratnagiri,
- Whirlpool India Ltd, Gurgaon,
- KSB Care Charitable Trust, Pune,
- Mitsubishi Eleetric India Pvt. Ltd., Gurgaon,
- Harayana Aditya Enterprises, Palghar
- Tarapur Industrial Manufacturers Association,
- CNH Industrial (India) Pvt Ltd, Greater Noida,
- Aarush Phase V Logistic Park,
- Datwyler Pharma Packaging India, Satara,
- Persistant Foundation Pune,
- International Bio-Tech Ltd, Bandra (E), Mumbai,
- R J Buildcon Pvt, Ltd., Pune,
- Enzene Biosciences Ltd., Chakan, Pune,
- Siddhi CNC Pvt. Ltd., Ahmendagar,
- Shankar Ramchandra Earthmovers Pvt., Ltd., Pune,
- Yashraj Global Infracon Ltd., Pune.

- With the support from **Emmerson Innovation Centre, Hinjewadi** the top floor of Madhyamik Vidyalay, Pachchaapur situated in rural area of Taluka Sudhagad, Dist Raigad was covered permantly. Most of the sudents are from Katkari, Thakar tribes but are doing well in their studies with the encouraging guidance by the teachers.

- Swa-roopwardhinee is greatful for support from **Persistent Foundation, Pune** for installation of 8KW solar photovoltaic grid connected system which was installed by Ansha Energy System, Pune.

KISHABHAU....
Your long awaited Dream Project
is converting into a reality

The Founder President Late Shri. P. V. Shroff and Founder Chairman Late Shri. Kishabhau Patwardhan Sir had a dream in their mind for so many years. It was about having a separate and full fledged Vocational Training Center for needy Girls and women. They did not just think of it but had tried to convert their wish into a reality. However, after the sad demise of Late Kishabhau in the year 2004, this dream project had a setback. Late Shri. Shroff however, gave momentum to this dream by donating his one acre land at Charholi to Wardhinee in the year 2007. Since then once again the trustee board started to bring this dream into a reality. In the year 2009 architect for this project was appointed and he started working on the proposed building plans. However, as there were no connecting roads to reach to the land owned by Wardhinee, we had to strive hard just to get over these basic problems. In order to get over the internal road problem and have an

advantage of road touch plot, the trust purchased some additional land and finally in the year 2018 the building plans were submitted to PCM Corporation. On 30th Jan. 2019 the PCM Corporation approved the plans and issued Commencement Certificate to start the construction activity.

After the appointment of Contactors and performing the Bhoomipooja, the actual construction of the first phase of construction started in November 2019. The construction was progressing, as planned till the last week of March 2020. The year 2020 was the birth centenary year of Late Kishabhau Patwardhan Sir. The trustees hoped that they would certainly get an opportunity to pay homage to Late Kishabhau Patwardhan Sir, during his birth centenary year itself by fulfilling his dream project of having a separate vocational center for needy girls and women. However, due to the Covid Pandemic, all over the world, we had no

option out to go slow and at a stage to completely stop the construction activity, as per the Government instructions.

The pandemic not only put hurdle on the actual construction activity but it also affected the fund collection drive for this project. However, we did not give up. We appealed to the society to help this project through a small video clip and could collect funds to keep our hope alive. We were trying to get donations from Corporate bodies, through CSR policy. Project Proposals were sent to number of Industries. One such proposal was also sent to Bharat

Petroleum Corporation Ltd and follow up was also done with them. At the end of the year 2020, two officers of BPCL visited the construction site. After submitting all the details required and satisfying their queries, BPCL was kind enough to accept our proposal and it was signed on 14th July, 2021. **Now due to timely support by BPCL, the first phase of construction is completed by the end of March, 2022.** After completion of this phase, the trust has 17 class rooms, 4 laboratories and 3 halls available to run various skill based courses for needy in the society at large.

As thought by the founders, the trust plans to run the following courses, step by step.

- | | |
|--|--|
| <ul style="list-style-type: none"> • Auxiliary Nursing Midwifery (ANM) & Gen. Nursing Midwifery (GNM) Diploma Course • Rugna Sahayak Course (ongoing activity) • Operation Theatre Assistant • X Ray Technicians • Dialysis Operators • Lab. Technicians | <ul style="list-style-type: none"> • Diploma in Physiotherapy • Alternative Medicines (Acupressure Diploma) • Alternative Medicines (Naturopathy) • Yoga Training Course • Tailoring & Fashion Designing • Food Processing |
|--|--|

Though not during his birth centenary year-2020, the trustees really feel proud, that it could pay homage to its founder, by fulfilling his dream of having a separate vocational training center at Charholi and it would start serving the needy from the academic year 2022-23

An Appeal

We request you to pay a visit to the site, as per your convenience. If possible, help the trust financially to raise funds to run the courses smoothly. If you know some experts helpful in running these courses, kindly help us to get them connected to this center.

The Journey of Self Forming

- Parth Kashyap

My relationship with Swa-Roopwardhinee came from my 5th class. In our school, younger

volunteer came and gave us introduction of wardhinee and took a small test. They told us that if you join us you will get a lot of opportunities to take part in many different interesting activities. After that he contacted our parents and gave

them information and I joined Samarth Ramkrishna Shakha.

We were very happy because we used to play different games everyday. We were 25-30 boys of same class with new friends. On Saturdays and Sundays competitions, lectures, going for a walk and visit nearby places created close attachemnt with shakha. I was fond of reading and frequent visits to the library helped to develop my reading hobby.

All this was made enriching by the exciting trips in rainy and winter season. We used to visit various forts. The summer and winter camps were full of excitement and various activities with new subjects, new friends, new places and many stories. The camps taught us and nourished us internally and are still remembered. I remembered my first camp without my parents for staying with new friends from all the shakhas.

Like the picnics and camps the Sankrant Festival also gave opportunities to do a lot of new things, sometimes Mallakhamb performance, sometimes cultural drama. Ganpati festival too was made exciting doing

street plays, performing cultural activities and dancing to the tunes and beats of the Dhol-Tasha in last day procession.

At the crucial stage of class 10, all of us spent whole day in Wardhinee when we used to attend both, our school and regular shakhas.

After 10th, responsibility came as 'Yuvak' of Wardhinee and Shakha. As per our eariler experience, we planned all the activities with our new ideas for our young friends who under took with all those responsibilities. We were focusing on both our students and personal carrier also.

In the last year of Graduation I was 'Shakha Pramukh of Ramkrishna Shakha and was playing roll of parent for all the Wardhaks in my shakha. This roll improved my communication as well as management skills.

Physical fitness, development of emotions, moral values, friendship with all ages and so many things enriched me during this Wardhinee period.

I became aware that something should be done in the social sphere. This made me to start preparations for the competitive exams. I proudly confess that many skills which were learnt in Wardhinee made my study easy. There are ups and downs, defeats and victories in those examinations.

I feel Wardhinee has played a big role in my sucess. There are many opportunities offered by Wardhinee, those should be taken as an advantage.

This opportunity helps in transformation of our families and our localities and in turn, of our society and our nation.

All Departments

June 21 - International Day of Yoga - In all the branches of Wardhini, yogasanas, surya namaskars, sports and exercises are a regular feature. The importance of pranayama and yogasana has been noticed by all during last year. For this reason, yoga day was not just a one day event to be celebrated and it was not limited to the Shakhas only. All the departments of Wardhini conducted yoga classes online with the aim of reaching out to all the workers of Wardhini and ensuring that everyone practices yoga regularly. Through these events, which lasted for almost a week, an attempt was made to spread the idea of the importance of yoga asanas. More than 500 people participated in the initiative, including women from microw saving groups, children on karkari padas, youth and girls, students from kindergarten, competitive examination centres and study centers, schools attached to mobile laboratories, parents and volunteers from all departments of Wardhini.

Independence Day 2021 - Elocution Contest - On 15th August 2021, Gyanesh Purandare elocution trophy tournament was organized on the occasion of the independence day. The competition was held with the aim of imbibing quality knowledge, among youth and young women. The competition was divided into two groups. School group from 5th to 10th standard and open group from 11th onwards. In all 55 Wardhaks participated in the competition. Mr. Mahesh Pawale, Mrs. Pushpatai Nade, Mr. Mahesh Purandare and Professor Mahesh Borate were present for prize distribution ceremony.

'**Deepawali Swarprabhat**' programme organized by Wardhinee Kalamanch was held

on 4th November 2021. This year the famous singer Mr. Meher Parlikar performed classical and sub-classical singing.

Diwali Special Lecture - Lecture by Mr. Atul Kahate was organised on 6th November, on the subject of Science-Technology Opportunities and Challenges. He explained with examples what problems society is going to face in the future due to the progress of science. He also spoke about the ill effects of overuse of mobile, various changes over time and related jobs, declining employment opportunities and solutions thereto.

Shiva-Surya Din - On the occasion of Shiv Jayanti and Ratha Saptami all the shakhas of Wardhini resolved to perform 19,221 Surya Namaskars on February 19, 2021. More than 600 persons from the age of 6 to the seniors participated in this activity, taking the total number of Surya Namaskars to 35,457.

Study Camps - Education sector was badly affected during Corona period. To make students familiar with new online study camps the study camp for class 10th was held in Wardhini on 6th and 7th March. English, mathematics, science and study skills were taught by Rutuja Kayat, Nikhil Bhapsekar, Rajani Mhaswde, Lata Purandare and Omkar Banait. This camp was followed again from 12 to 17th July for topics like study habits and planning for self study.

Online Camp News - One of the most important activities of the shakha is the camp. Because of Covid, online camp was organised last year as well. We got a great response.

The Online camps were organized from 25th May to 10th June. More than 1500 Children from

the seva vastees of Pune city as well as from other places joined and enjoyed the camp.

The theme of the camp was 'Friendship'. Many sessions elaborating friendship with study, friendship with language, friendship with game, friendship with technology, friendship with nature and friendship with science were conducted.

Maitra Jeevache - This short film was released on 21st August. It was a short film based on the theme of friendship, a concept for informal education project. This short film was written and directed by the youth of Wardhini with the help of Mr. Dignpal Lanjekar and his team. The release of the short film took place on August 21 by renowned actor and singer Shri Ajay Purkar.

Informal Life Education Initiatives - Efforts are being made through this initiative for the qualitative growth of The Swa- Roopwardhini shakhas. The Informal Education Group is working to ensure that Wardhinee thoughts reach all the stakeholders and youth and innovate day-to-day activities.

Work is done on various dimensions of personality enhancement based on panchakosh elaborated in 6 booklets with the help of **CTR Manufacturing Limited**. Regular weekly meetings, trainers training and evaluation of booklets were pre-planned to make the group's effective. The group will continue to strive for the study and planned implementation of Wardhinee's informal education.

Counseling department has tried to ease and give children a perspective towards life and self-acceptance. The counseling department started functioning as an independent department in the year 2020. Only the objective of the department is to rigorously work towards the stability of mental health and to negate any type of addiction among the young generation.

Area & Focus of Diversification of Counseling -

- ♦ Individual Counselling of 132 People
- ♦ Sessions / Workshops For Parents / Youth - 992 Sessions
- ♦ Psychological Test Conducted For 149 Students
- ♦ Sanyyam Project : For 142 teen age Students
- ♦ Super 16 Batch - Selected 11th & 12th Std students
- ♦ Total No. of Beneficiaries 1420

Sanyyam Project - Adolescence is a crucial stage of human development, and since India is considered to be a country of youth, the progress of such young talents is crucial. Hence such an initiative was started under project. This covers issues such as adolescent self-change and acceptance, addiction, and sexual behavioral problems. A team of four women, working on the project are Mrs. Pushpatai Kolap, Dr. Sonal Juvekar, Mrs. Priyanka Lakde, and Mrs. Megha Nagare. We have carried out the project in six groups,

- ♦ Amruteshwar Vidyalay ♦ Dayanand Shakha,
- ♦ Savitri Shakha, ♦ Ramkrushna Shakha,
- ♦ Chandrakant Darode School

Parental Forum – Volunteers Training – Lecture Series - The counseling department has regularly organized various lectures on the topics - The role of parents for parenting, Adapting to adolescents issues and dilemmas, Adolescents journey towards life, My career my path.

Youth Department

Chiplun Flood Relief - On 31st July and 1st August, volunteer of Swa-Roopawardhini and Cybage Software Pvt. Ltd. carried out relief work for the flood affected Kherdi village of Chiplun, 20 youth activists participated in this work.

Elocution Workshop 2021 - On 9th October 2021 Shri. Mr. Milind Verlekar worked as an

instructor for elocution workshop organized for the winners of the Gyanesh Purandare Elocution Trophy and for those who passed the first round, as well as other willing contestants. Verlekar sir, who is a Guinness book world record holder, has given thousands of lectures so far. Sir's guidance gave the direction to the participants and inspired to be the rich, confident, creative and sensitive orator.

Gunagaurav Samarambh - The event was organized on 30th Oct 2021 to appreciate the meritorious youth of Wardhini who have achieved remarkable success in the academic year 2020-21 and to motivate them for their next journey. The chief guide was Ms. Priyanka Behera (Director, R.S.B. Foundation) and Mr. Priyadarshan Sahasrabuddhe (IIT Mumbai)

Pakoli Montessori School - Pakoli balwadi is a division of Swa-roopwardhinee working in Pre-primary education for the children living in areas of Mangalwar Peth and in Bhekarai Nagar in Hadpsar an urban part of Pune.

Due to Covid Pandemic, online classes were arranged twice a week and for rest of days teachers were sending videos on different lessons as per the syllabus on parents whatsapp group. There was a good response from children as well as from their parents.

Online Summer Camp - New Normal Concept helps us to reach the students in various parts of Maharashtra. 250 children of age 2 to 8 years participated in this camp with new online method. Gardening, paper craft, drawing,

rangawali, exercise, games, story telling were the activities conducted in this camp.

Sharadamani Mahila Vibhag - The division for women empowerment was started in 1989 by Wardhinee. The women who were coming to pick up their kids from our Pakoli Balwadi started sharing their sufferings and expected that Swa-Roopwardhinee should do something for them also. As a result, the organization started courses like Home Nursing, Patient Assistant Course, Basic Tailoring and Fashion Designing, Montessori Teachers Training for needy women. Because of Covid restrictions Patient Assistant course was conducted online in 2020 and offline in 2021. There was a good response for this course as those services were on high demand. They got practical experience in KEM and Tarachand Hospital. We are very much proud of all our students who served during Covid Pandemic bravely.

The tailoring students could manage their home earings in covid period with the help of this skill.

At present 53 Self Help Groups are run by Wardhinee covering about more than 1100 women. In this pandemic situation affected families got support from their groups to pay tuition fees, to purchase smart phone for studies and to pay hospital fees.

Competitive Examination Centre - Wardhinee is running the 'Competitive examination Centre' for over a decade. Many students from rural area of Maharashtra come to us for necessary guidance, study and prepare for Maharashtra Public Service Commission Exams. Here is a brief information about activities of CEC -

Scholarship Batch - Due to Corona crisis CEC used online system for advertisement, inviting applications, examination, interviews and final selection of students successfully. The first online scholarship class began on 2nd August 2021.

Many of our passed students who are fortunately working as officers in various government

departments are awarded by the Government for their outstanding performance, some are -

- **Ganeshy Ballal** (Police Inspector, Vile Parle Police Station, Mumbai) was honoured by Joint Commissioner of Police Zone 8.
 - **Ganesh Shelar** (Asst. Locopilot, Central Railway) was felicitated by the General Manager Central Railway for his good performance.
 - With sincere and dedicated efforts put by up be **DYSP Ashwini Shedge** Tasgaon Police Station received accreditation of ISO.
 - Our Health Minister Mr Rajesh Tope appointed **Mr. Kailas Andil** as the Officer on Special Duty.
 - Due to proactive efforts of **Mr. Santosh More** (Chief Officer, Nagar Panchayat, Kavathemahankal, Sangli) Kavathemahankal Nagar Panchayat was ranked 11th in the State.
- We feel very proud of these officers who are CEC alumini and doing good work in their respective professions as per the motivation

they got from Wardhinee upbringing.

Laboratory on Wheels - Mobile Science Laboratory is one of the innovative concept Wardhinee has been implementing for last many years.

As the schools were closed during Corona Period in Diwali vacations 'Touch the sky' (Abhalashi Jadle Nate) and in Summer vacations 'Prabodh Vidnyan Spardha 2021' quiz competitions were organized using whatsapp group. More than 2500 students participated in these quizzes. E.R.C. department of Tata Motors supported us for these competitions.

Feedback by students/teachers -

Nidhi Kulkarni, student- 'We got scientific information of Drone through 'Touch the sky' competition.'

Mrs Uma Shirgurkar, teacher - 'In covid war students were frustrated but these competitions made them study and search the information. They also solved all the questions with great intrest and ease'.

We are thankful to ...

प्रार्थना

नमस्कार देवा तुला आमुचा हा
करी आमुची मायभूमी महा ॥

हिचे रूप चैतन्यशाली दिसावे
जगाला कळावी हिची थोरवी ।
स्मरूनी हिच्या त्या कथा अन् व्यथाही
हिला न्यायचे रे पुन्हा वैभवी ।
अशा सर्व स्वप्नांस सामर्थ्य द्यावे
म्हणूनीच देवा नमस्कार हा ॥ १ ॥

जनांचा प्रवाहो इथे चाललेला
सदा संस्कृतीच्या मुळापासुनी ।
पिढ्या नांदती भोवती बांधवांच्या
आम्ही भिन्न ना त्यांचियापासुनी ।
तयांच्या कळा जाणवाव्या आम्हाला
तयांच्या सुखाचीच लागो स्पृहा ॥ २ ॥

स्फुरो कल्पनाशक्ति अभ्यास-यत्ने
बनो शुद्ध बुद्धीही तेजस्विनी ।
शरीरास आरोग्य, संकल्प चित्ती
नि आत्म्यास इच्छा शुभाकांक्षिणी ।
पदी धैर्य, बाहूत शौर्य स्फुरावे,
घडावी विवेकी कृती-ध्यास हा ॥ ३ ॥

प्रभो तू चिदानंदरूपी असोनी
अणूरेणु ब्रह्मांड तू व्यापिले ।
तुझे अंश आम्ही, तुझ्या पूजनाचे
पहा दिव्य हे, ध्येय स्वीकारले ।
पुन्हा जन्म घेऊ, स्वराष्ट्रास ध्याऊ
प्रतिज्ञेस या तूचि साक्षी रहा ॥ ४ ॥

एखाद्या बॉम्ब गोळ्याप्रमाणे आदळणारा
उपनिषदात जर कोणता एक शब्द असेल
तर तो आहे अभीः, म्हणजे निर्भयता आणि
जगाला एकच धर्म शिकविण्यासारखा आहे
तो म्हणजे ही निर्भयता.
